Board of Trustees Town Facilities Tour

The Board of Trustees will be touring the various Town Facilities on Thursday, June 18, at around 1 pm with town staff. Since more than two Trustees are likely to attend, this tour is also open to interested members of the public though you must provide your own transportation and stay with staff since not all of these facilities are open to the public. Please wear comfortable shoes and please be aware that in certain facilities no pictures or taking video is allowed.

This event is categorized as a work session, therefore no recordings or minutes will be taken and no formal business or decision-making can be undertaken.

Thank you!!
